Chapel	9:00 AM	10:00 AM
Checkout	9:00 AM	12:00 AM

# Events

The troop will be rotating through a series of stations throughout the day where they will be able to participate in fun activities and work toward the Indian Lore Merit Badge. The Troops will get their schedule for the order of events that will be participating in at the SPL meeting Friday night. They will be at each station for 45 minutes then they will rotate to the next station.

- Event 1 - Archery
- Event 2 - Tomahawk Throwing
- Event 3 - Leatherworking (Requirement 3b Part 1)
- Event 4 - Basket Weaving (Requirement 3b Part 2)
- Event 5 - Beadwork (Requirement 3b Part 3)
- Event 6 - Indian Lore Merit Badge 1 (Requirement 1, Requirement 5f)
- Event 7 - Indian Lore Merit Badge 2 (3 Games) (Requirement 4a)

# Troops

## Check-In

Check-in will begin at 6:00 pm, when you arrive you should have the following information ready: "BSA COVID-19 Camp-Event "At-Risk" Participant Statement", "Pre-Event Medical Screening Checklist 2020", "Texas Military Forces & Adjutant General's Department WAIVER OF LIABILITY" completed and signed for each person. Each vehicle arriving will need an "Arrival Screening Checklist" and each Troop will need to provide a complete roster of every individual that their Troop is bringing to the Camporee with contact information for each person if available. The above forms are attached at the end of this document.

## Adult Volunteers

Each unit attending is asked to have an adult volunteer / adult volunteers that are willing to run one of the stations that the troop will be rotating through throughout the day. All material and instructions will be provided by us.

## Water

Troops should plan to bring with them the water that they will need for the weekend as we will only have one water buffalo available.

## A Scout is Clean

During the Camporee, we should be following the principle of clean Leave No Trace and leaving the camp better than we found it. Please pick up all trash that you find and dispose of your trash properly so we are able to use this camp in the future. Your Troops should also plan on taking all trash out with you since there is no location to dispose of trash at the camp.

## Cracker Barrel for SPL/Scout Masters

There will be a scoutmaster and senior patrol leader meeting at 9:30 pm on Friday Night. This is a very important meeting where we will be providing important information about the activities the next day, any updates, and providing you with the order of activities your patrols will be rotating through the stations.

## Medical Forms

Each troop should have health information and appropriate BSA Medical forms available for every participant at their camp in a location known to the Adult Leaders in case of an emergency.

## First Aid Station

There will be a First Aid Station located at HQ on the parade grounds. However, troops should be able to provide their own Troop level first aid in their campsites. Troops should have first aid kit readily available in their campsite.

## Camp Fire

We will be holding a campfire Saturday night. Each troop should be prepared for a skit or songs during the campfire. We will have a signup sheet Friday night at the SPL meeting for Troop to sign-up for their skits and songs. Immediately following the Camp Fire conclusion the campfire will be turned over to the Order of The Arrow, For the OA Ceremonies.

## Camp Site Inspections

Saturday each campsite will be inspected for how clean their camp is, if the tents are set up properly and if duty roster/meal plans for each patrol are posted.

## Religious Service

Sunday morning we will be having a religious service at the campfire location if you wish to attend. If you choose not to attend we ask you the remain quiet in your camp until the service is completed.

## Latrines

There will be portable toilets available in the camp.

## OA Brotherhood Opportunity

The Order of the Arrow will be having an Brotherhood opportunity for any member of the Order of Arrow who meets the requirements for Brotherhood of at least 6 months of service to the OA. We will need the names of these people who plan on doing their Brotherhood opportunity at Camporee in advance but no later than the SPL meeting Friday night. If you plan on doing your Brotherhood opportunity at Camporee you should plan on being with the OA most of Saturday.

Please fill out this form for each person in EACH vehicle travelling to camp. Temperature screening and turn-in of all required forms will take place on arrival at the camp entrance. Please turn in at the screening station at the Front Gate completed copy of the **BSA COVID-19 Camp-Event "At-Risk" Participant Statement** for each person and this completed **Pre-Event Health Screening Form** for each vehicle.

## BSA COVID-19 Camp-Event “At-Risk” Participant Statement Must Be Signed and Brought to Check-In

Name: \_\_\_\_\_ Unit Type \_\_\_\_\_ Unit Number \_\_\_\_\_

Camping at \_\_\_\_\_

Your safety and the safety of all our members, volunteers, and employees is the Longhorn Council’s top priority. In light of COVID-19, we are taking additional precautions at camps on top of our long-established health and safety measures for communicable diseases. These precautions are important, but they do not remove the potential for exposure to COVID-19 or any other illness while at camp or anywhere else.

Information from the Centers for Disease Control and Prevention (CDC) shows that some people with COVID-19 may show no signs or symptoms of illness but can still spread the virus. Since some people may be contagious before their symptoms occur it is possible that an infected person may pass all the required health screenings and be allowed into a camp. We also know the very nature of camps and activities make social distancing difficult in many situations and impossible in others. We are modifying our programs to make them as safe as possible during the COVID-19 pandemic.

First, our council physician, health and safety personnel, and camp directors are monitoring and coordinating with state and local health departments and the CDC to ensure we are aware of and follow their guidance to mitigate the risk of COVID-19 during camp activities.

### Our mitigation plan includes:

- Pre-attendance education,
- Health screening conducted by your unit prior to travel to camp, including a temperature check, to turn in on arrival.
- Health screening upon arrival at camp check-in time conducted by our camp rangers or commissioners which will include a temperature check, hygiene and social distancing reminders, as well as standard screening questions regarding symptoms, travel history, and exposure.
  - Note: should anyone in the unit not pass the arrival screening, the entire unit will not be allowed to enter camp.**
- Only people registered via our online registration system will be allowed on camps.
- Hygiene and social distancing reminders throughout the camp experience.
- Requirement for participants & staff to wear masks while in class, near others, or in buildings.
- All visitors will be screened upon arrival before entry to camp.
- Hygiene and social distancing reminders throughout the weekend.
- Extra handwashing /sanitizing stations at activity class areas.
- Dedicated staff to clean and disinfect high-touch surfaces and shared program equipment.
- An emergency response plan that includes an isolation, quarantine, and “send home” protocol should a person at a camp develop symptoms of COVID-19 or other communicable disease.
- Check-ins with each unit one week and two weeks after the unit leaves camp to determine if any participants have developed symptoms.

Information from the CDC states that older adults and people of any age who have serious underlying medical conditions are at higher risk for severe illness from COVID-19. *If you are in this group, please ensure you have written approval from your health care provider prior to attending camp.*

We know that each staff member, volunteer, and Scouting family has a unique set of circumstances to consider when deciding whether to attend a camp. We hope this information will be helpful as you make those choices.

# Pre-Event Medical Screening Checklist 2020

Please review this form with your scouts and parents prior to the day your unit departs. The day of your departure complete this form with all scouts and parents present. It is imperative that this form be completed the day of your departure. If a scouts or adult arrives at camp with the symptoms listed on the Questionnaire they will be sent home immediately.

Prior to attending camp, we request that each unit leader review/ask the following questions with all of your unit adults and youth. We request that you do this prior to departing your home location.

## Assessing the Health Status of Your Unit/Campers: ask the following questions to every person in your unit:

- Has the participant had any of the following symptoms in the last 24 hours?
  - Fever. Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit
  - Vomiting
  - Diarrhea

If the participant has fever, vomiting, OR diarrhea—he or she should stay home.

- Has the participant had any of the following new or worsening signs or symptoms of possible COVID-19 or other communicable disease in the last 24 hours?
  - Cough
  - Unexplained extreme fatigue or muscle aches
  - Chills
  - Repeated shaking with chills
  - Muscle pain
  - Sore throat
  - Loss of taste or smell
  - Known close contact with a person who is lab confirmed to have COVID-19?
  - Have you travelled internationally or to any location within the last 14 days to any location domestically that is a confirmed COVID-19 hotspot?

If the participant has any of these symptoms—he or she should stay home.

Participants who become ill should not return to the activity until they are cleared by a health-care provider.

Please assure the health and safety of all of our campers by assuring that only Scouts and leaders who are healthy come to our camps and events.
